

Kidspace Health & Safety Policies

What Initiatives Have We Taken to Ensure Safe Space?

- Kidspace capacity has been reduced to 6 kids to allow for social distancing.
- All high touch items have been removed from our space.
- Kids are provided with individual stations with toys and crafts assigned to individual child for the duration of their stay in Kidspace.
- Have provided a designated drop off and pick up zone for parents to safely drop-off their children in our front room area to reduce the amount of traffic in our back room.
- All staff, parents, and children are screened before they enter our facilities via our Health Screen Process.

New Policies:

- Parents must book a reservation in advance via the Front Desk
- We are only taking between 1-3 hours maximum bookings
- Kids must bring their own food and/or snacks
